

Fastbit

Fastbit

Precise, Easy to use, Ergonomic

Fastbit is the key cutting machine from Silca to duplicate bit, double bit (male and female), pump keys and central stop keys.

Its compact design, high-quality materials and operative details have been engineered to respond to the needs of key cutters who want to be equipped with a user-friendly, precise, reliable and long-lasting machine or are just approaching the duplication of these specific key types.

Fastbit

Fastbit is the key cutting machine from Silca to duplicate bit, double bit (male and female), pump keys and central stop keys.

With the dedicated original optional accessories, continuously updated, you can enlarge the range of copied keys including keys with vertical cuts.

Fastbit has been designed and manufactured in conformity with CE mark European standards.

Technical Data

Motor: Single phase and speed

Power supply: 230V - 50Hz

Movements: by ball joint on rectified carriage

Milling cutter with side cuts: TiN-coated HSS (Super Rapid Steel)

Runs (maximum length of cuts): 42 mm

Dimensions:
Width: 400 mm
Depth: 460 mm
Height: 300 mm

Mass: 15,4 Kg

Precise

Thanks to its micrometric tracer point, the reading of the original key is fast and highly precise. In addition, the operator can adjust with ease depth variations, often needed with worn keys.

Easy to use

The self-centring clamps with alignment pins facilitate the correct positioning of the key. The ergonomic handles ensure that the key is securely blocked with only slight locking pressure.

Ergonomic

Fastbit is designed to be comfortable and ergonomic:

Anatomic handles and levers

Spring loaded tracer point

- smooth and effortless handling of the tilting carriage.
- TiN-coated milling cutter with side cuts, ensuring fast and flowing movements.
- spring loaded tracer point.
- anatomic handles and levers.

Safe

Protective carter and integrated brush for key cut finishing made of a special non-abrasive material secure the user's safety. The machine features a ramp allowing chippings to easily fall into the dedicated, removable swarf tray, conveniently located below the base for a neat and orderly working station.

Working Area

Thanks to its compact dimensions and clean-cut design, Fastbit is fit for small-sized shops.

Silca Warranty

Made exclusively with select materials and components, it is meant to be a long-lasting tool in your key cutting business, guaranteed by the CE mark.
